# CAPABILITY STATEMENT

**Josh Turner**  
*Founder and  
Managing Director*

## **ABOUT PERENTIE INDUSTRIAL**

Perentie Industrial was established in 2018 and originally provided skilled mechanical, fabrication and construction trade-labour and project support services within the downstream hydrocarbons industry. In response to customer needs Perentie Industrial has since evolved to occupy a niche space across a multitude of industries by leveraging a unique stack of qualifications, skills and experience to provide a comprehensive suite of integrated engineering, technical and project management services.

## **A UNIQUE APPROACH**

With more than 20 years of combined trades, technical and professional experience, all work is delivered with a unique and integrative approach. With strong communications skills and a solid understanding of stakeholder requirements gained through personal experiences and lessons learned, you can expect extraordinary results built upon holistic perspectives that incorporate work health and safety (WHS), quality, mechanical and structural engineering, facility operations and maintenance, project management, strategic management, commercial operations and environmental, social and governance (ESG) factors.

## **VISION**

To support industry operators large and small to achieve operational excellence by:

- Building strategic and authentic relationships across the industrial landscape
- Promoting and facilitating continuous improvement
- Innovating towards more sustainable and ethical business practices
- Providing exceptional service every time

## **OPERATING VALUES**

Perentie Industrial is committed to honour and uphold the following values:

- Starting and ending with customer needs at the forefront of all engagements
- Only undertaking projects if they provide value to the customer
- Promoting and fostering safe working practices
- Embracing equity and diversity
- Doing the right thing, even when nobody is looking
- Ensuring quality and compliance forms the core of all work produced and delivered
- Embracing change and innovation
